**WE ARE**

# **MISSING!**

**According to FBI statistics, over 2,000 children are reported missing each and every day in America alone!**

**EVERY missing child, no matter their race, creed, color, gender, religion, age, social-economic status or where they live in the world; is a tragedy!**

Although our main focus at L.E.A.P. Safely is to prevent children from being abducted through Education, Information, Knowledge, Communication, Common Sense, Cooperation and Caution; the sad fact is that millions of children are currently missing and need to be found! These groups and organizations listed below specialize in locating missing and exploited children throughout the world, but they need all of our help!

Please take a moment to visit their web-sites and read the information and view the pictures contained on their web-sites, you never know what you may know that can help to locate a missing child unless you care enough to take the first step and try.
